

Nature Card

Make Friends With Your Environment

STEPS

1. Go for a walk outside and take your journal. You can walk around in your yard or take a short walk down the street where you live.
2. How many natural things do you see?
3. How many natural things do you hear?
4. How many natural things do you smell?
5. In your journal, list all the natural things you saw, heard, and smelled.

prompt

6. How many man-made things did you see, hear or smell?

VISION

HEARING

SMELL

All these natural and man-made things you saw, heard and smelled are part of your environment.

What part of your environment do you like the best?

Why do you like it the best?
