

Nature Card

Leaf Rubbings on Your Journal Page(s)

STEPS

1. Collect a small leaf
2. Position the leaf with its bottom side (bumpy veins) facing up behind a page in your journal.
3. Rub a crayon or the side of the pencil point on the paper over the entire leaf area.
4. Remove the leaf..
5. Describe what you see; what it reminds you of; what part of the leaf is making the designs you see.
6. Repeat with different leaves. **HAVE FUN!**
