

Nature Card

Stone Puzzle

STEPS

1. Go outside and collect an assortment of rocks. Choose a wide variety of sizes and shapes.

2. Lay out a piece of cardboard or large piece of paper. Place your beautiful stones in the middle of the paper as the focal point.

3. Outline each stone with a pen or pencil.

4. Take a photo of the stones in the outlines so you can refer back to it if you need to later in the activity.

5. Pick up the stones one by one and talk about how they feel and look. You can use words like round, curvy, straight, flat and skinny to describe them.

6. Then, place each one in its matching outline.
